

GUINNESS PLC FINANCIAL PERFORMANCE REPORT

2020H1

SECTION ONE

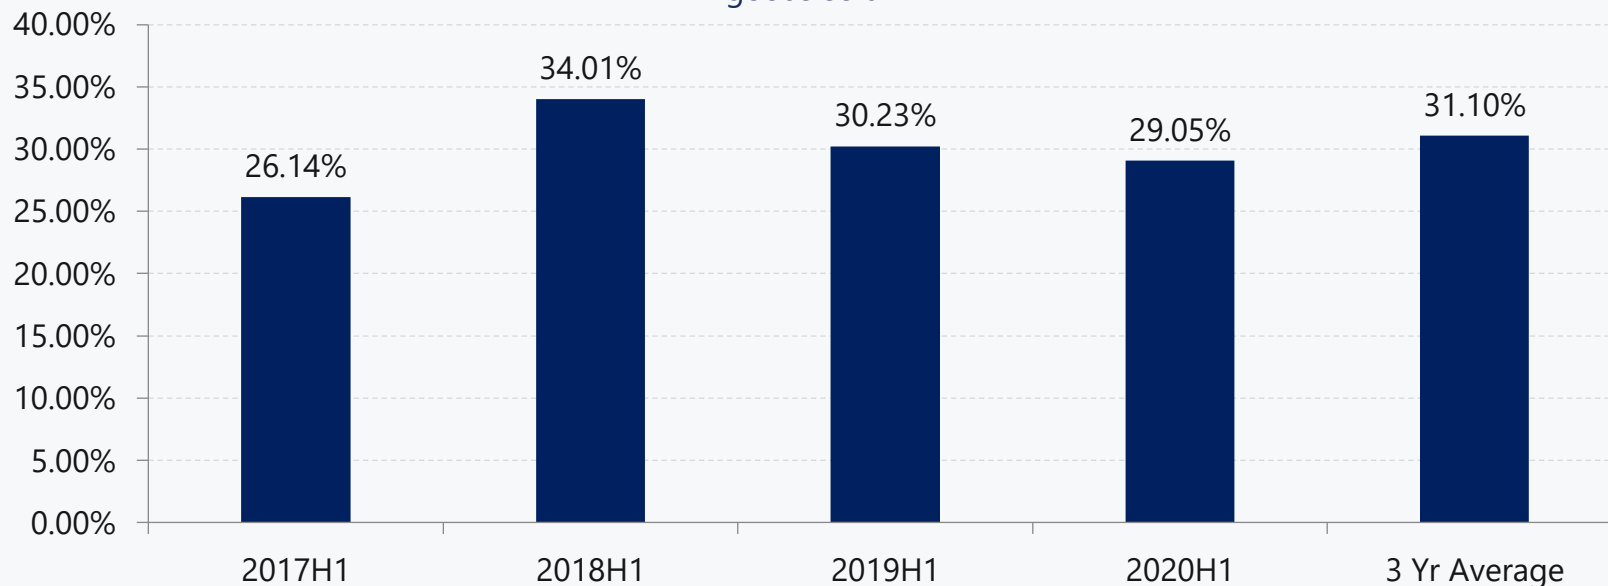

10 Ratios You Need to Know

EUA-MoneyCentral Financial Intelligence Reports

GUINNESS PLC

GROSS PROFIT MARGIN (2017H1-2020H1)

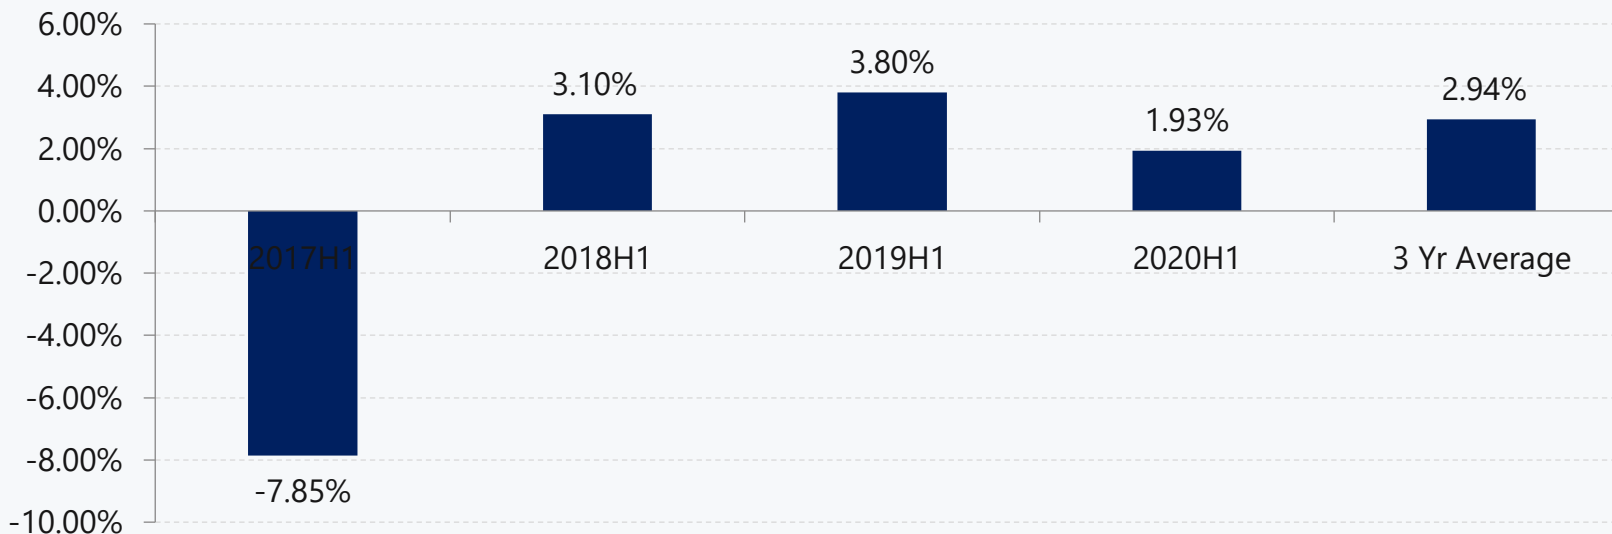

Gross profit margin is a metric used to assess a company's financial health by revealing the amount of money left over from sales after deducting the cost of goods sold

GUINNESS PLC

NET PROFIT MARGIN (2017H1-2020H1)

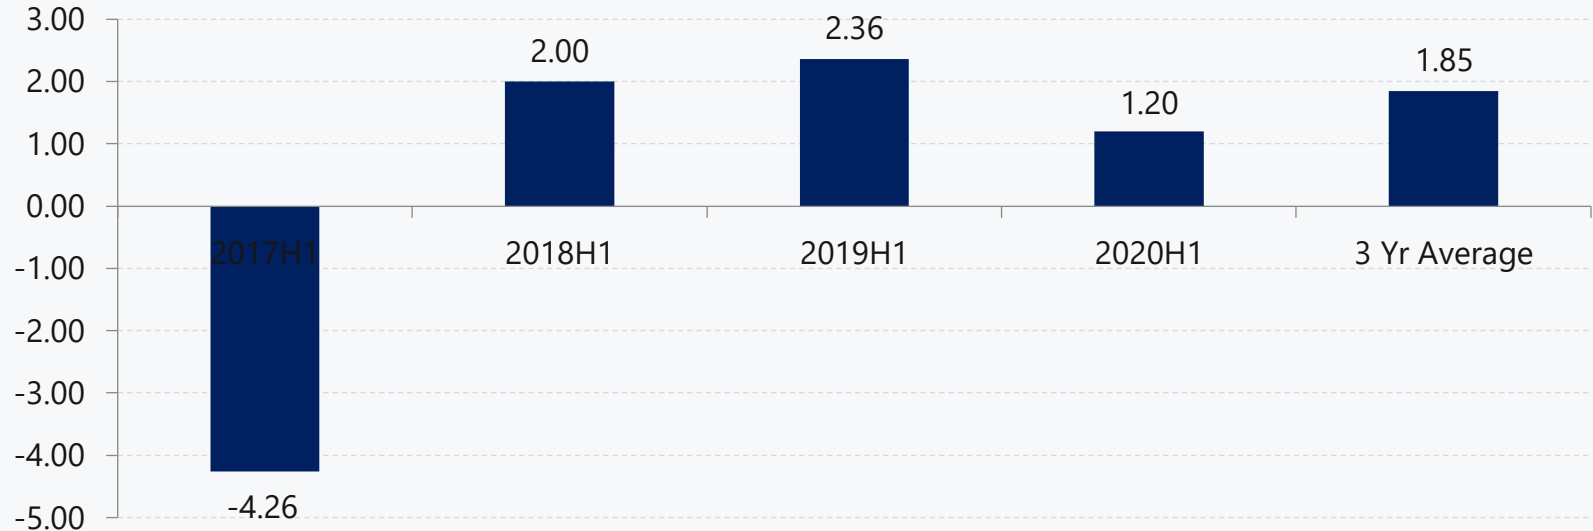

Net profit margin is the ratio of net profits to revenue for a company. The net profit margin illustrates how much of each naira in revenue collected by a company translates into profit.

GUINNESS PLC

EARNINGS PER SHARE (2017H1-2020H1)

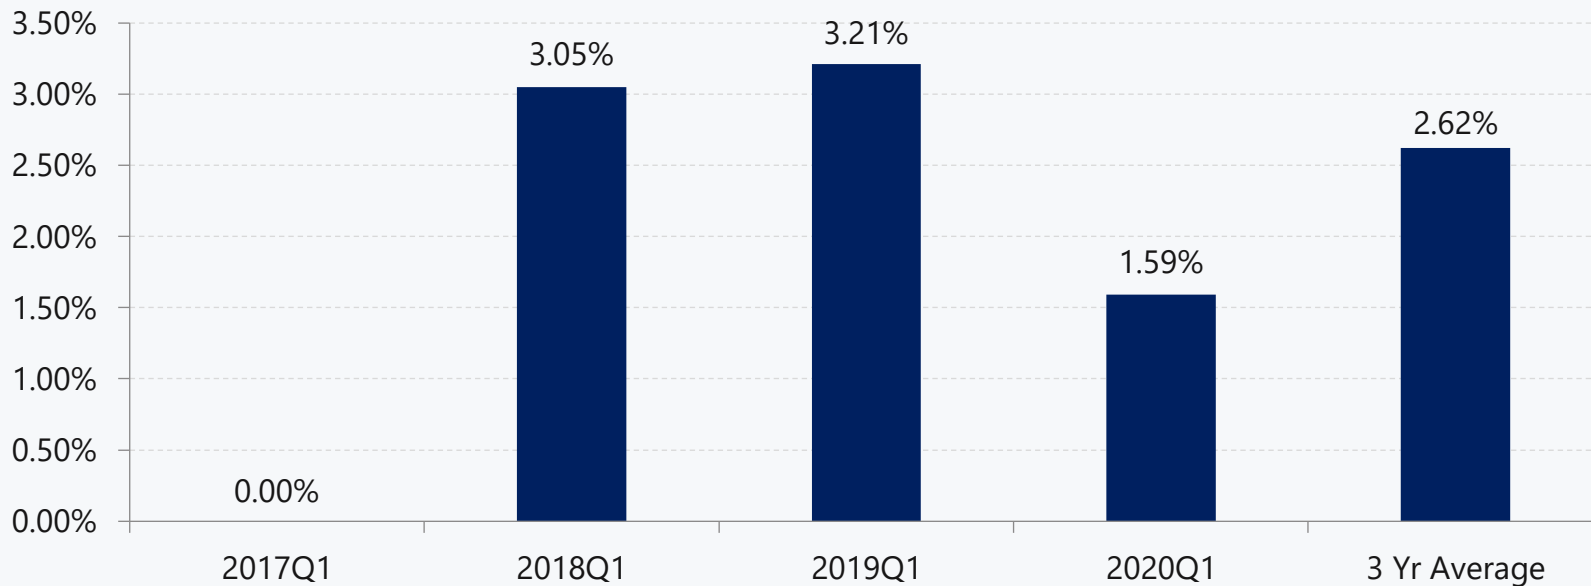

Earnings per share is calculated as a company's profit divided by the total outstanding shares of its common stock. The resulting number serves as an indicator of a company's profitability.

GUINNESS PLC

RETURN ON AVERAGE ASSET (2017H1-2020H1)

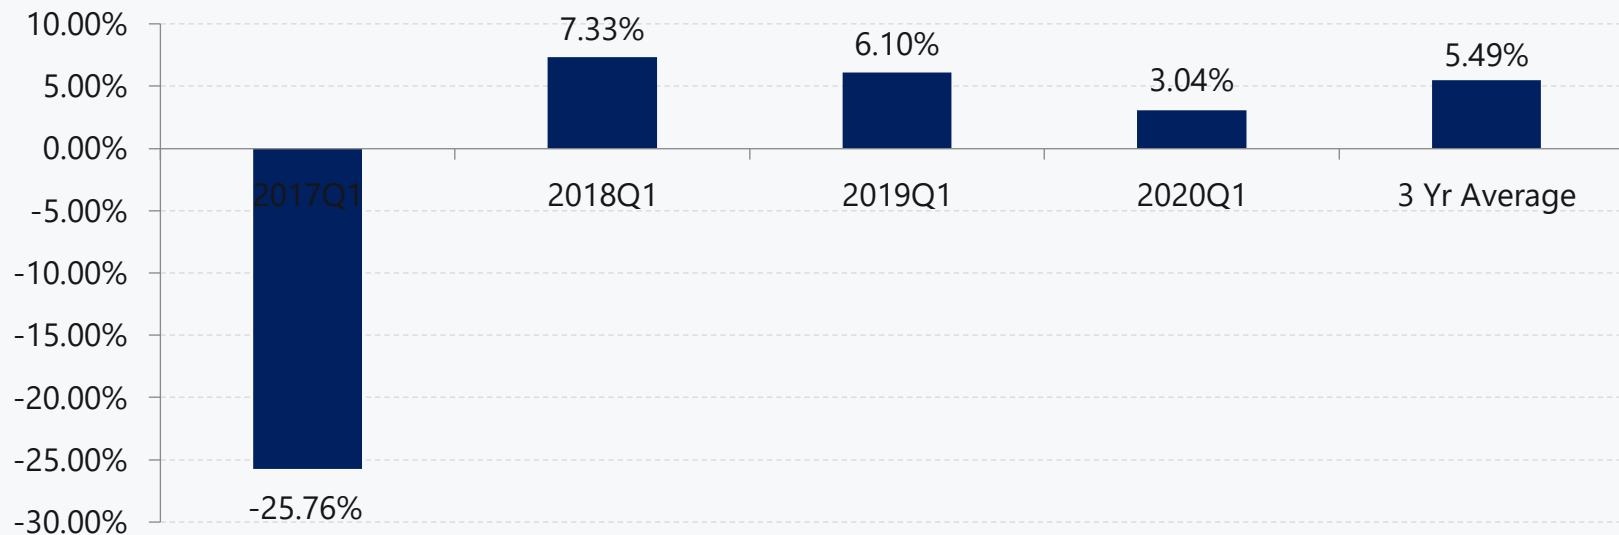

Return on average assets (ROAA) is an indicator used to assess the profitability of a firm's assets, and it often used by banks and other companies as a means to gauge financial performance.

GUINNESS PLC

RETURN ON AVERAGE EQUITY (2017H1-2020H1)

Return on average equity (ROAE) is a financial ratio that measures the performance of a company based on its average shareholders' equity outstanding.

GUINNESS PLC CURRENT RATIO (2017H1-2020H1)

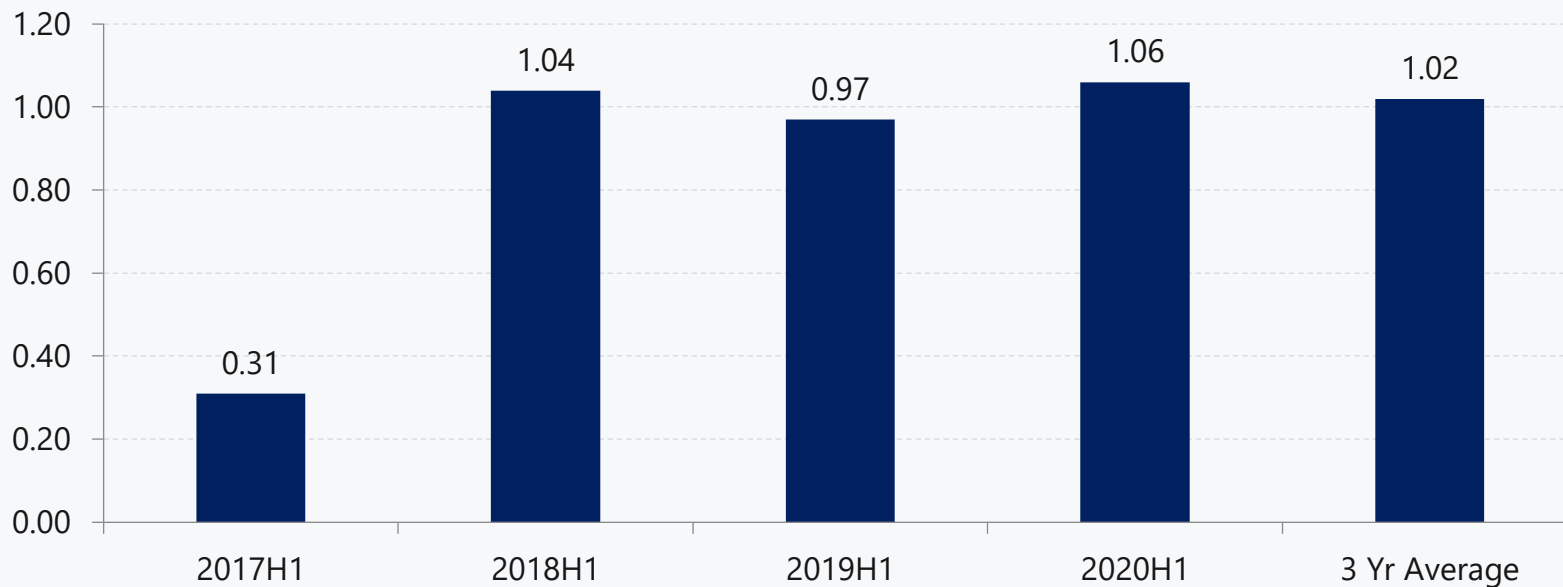

The current ratio is a liquidity ratio that measures a company's ability to pay short-term obligations or those due within one year. It tells investors how a company can maximize its current assets to satisfy its current debt and other payables.

GUINNESS PLC

QUICK RATIO (2017H1-2020H1)

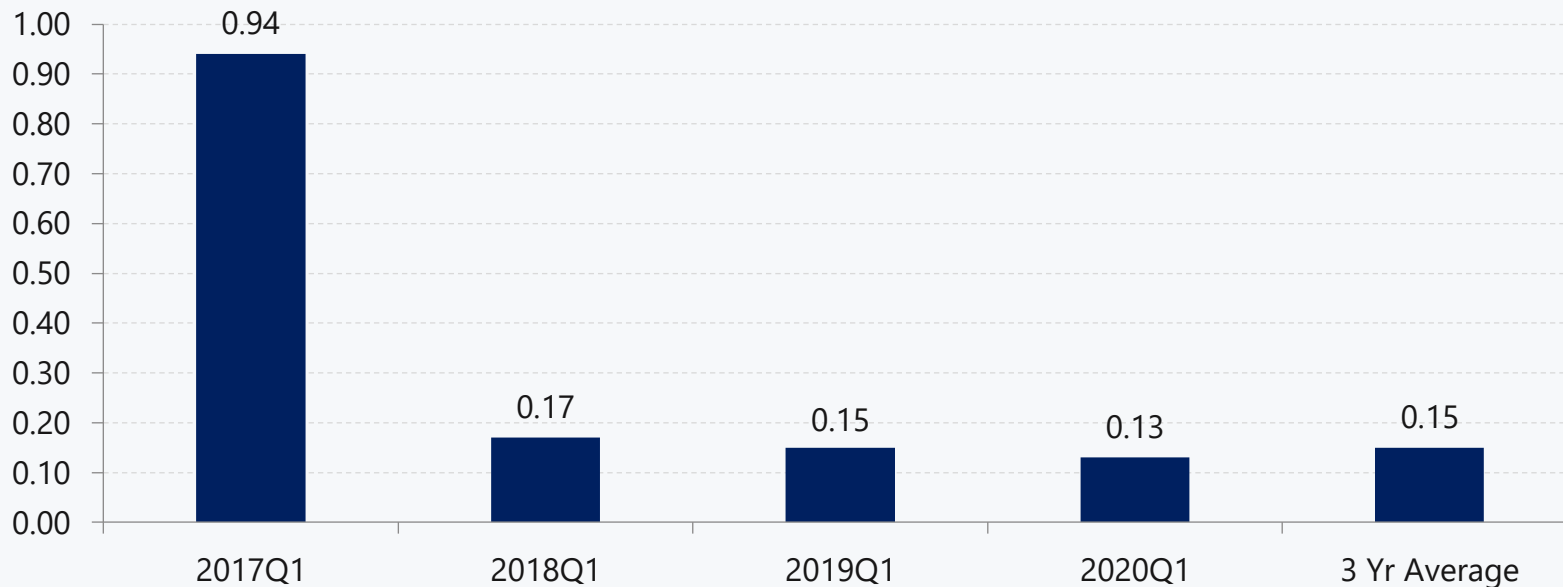

The quick ratio is an indicator of a company's short-term liquidity position and measures a company's ability to meet its short-term obligations with its most liquid assets (assets that can be converted quickly to cash).

GUINNESS PLC

DEBT TO EQUITY (2017H1-2020H1)

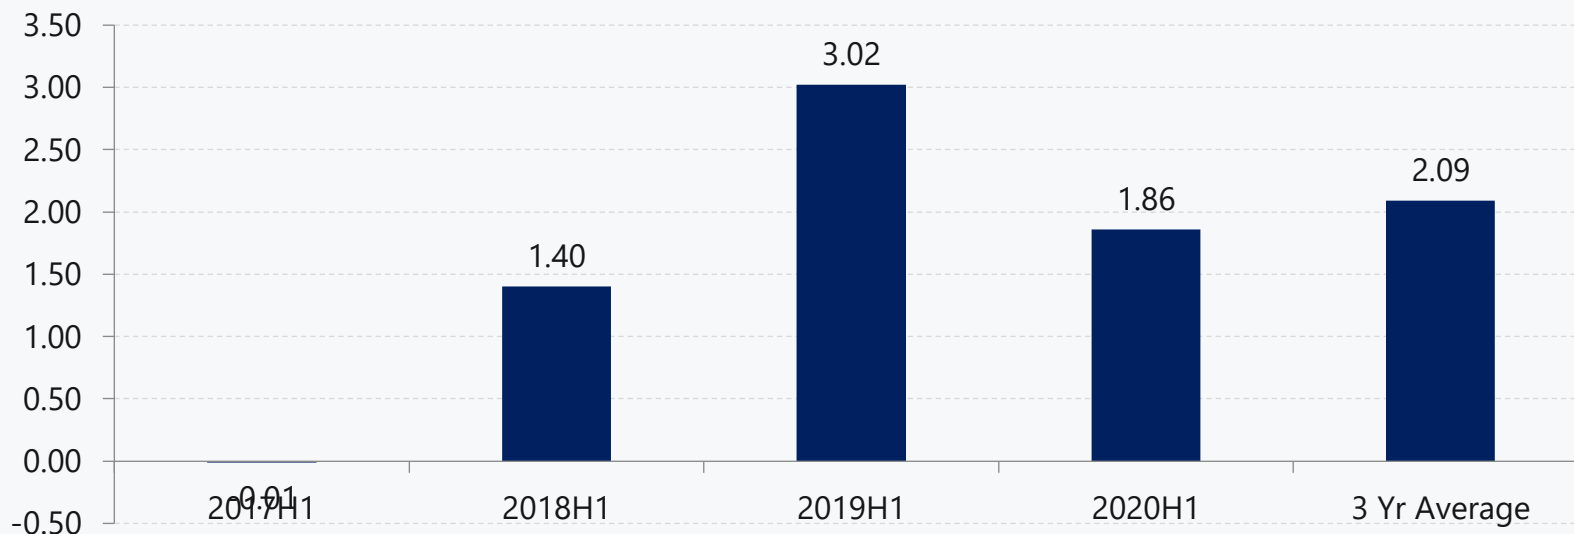

Debt here incorporates both short-term and long-term debts. The debt-to-equity (D/E) ratio is calculated by dividing a company's total liabilities by its shareholder equity. These numbers are available on the balance sheet of a company's financial statements.

GUINNESS PLC

TIME INTEREST EARNED (2017H1-2020H1)

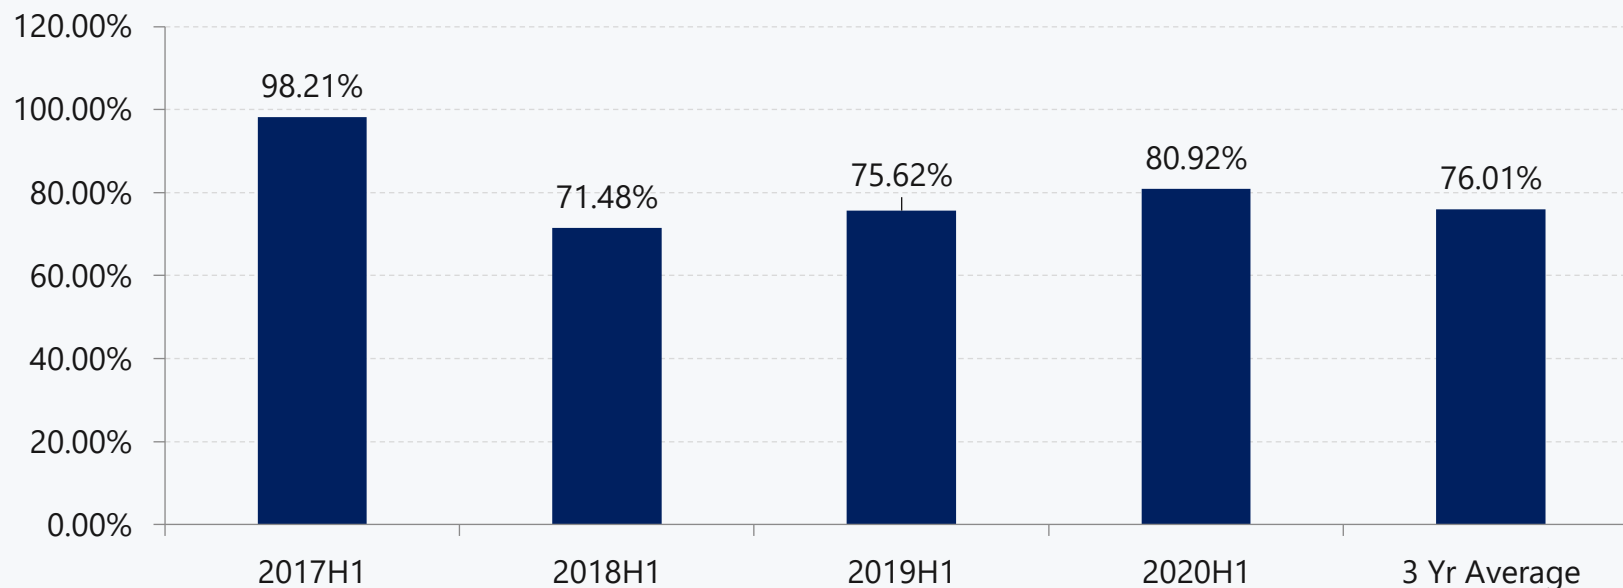

The times interest earned ratio is a measure of a company's ability to meet its debt obligations based on its current income. The formula for a company's TIE number is earnings before interest and taxes (EBIT) divided by the total interest payable on bonds and other debt.

GUINNESS PLC

COST TO INCOME RATIO (2017H1-2020H1)

Cost-to-income ratio is the measure of the costs of running a company in relation to its operating income. The higher the ratio, the greater the risk of zero profitability.
